Ed File No 270 of 1906-07

Serial No	
	On a Comparison of the Administration report for 1905-06 with that of the previous year, it is found that while Small demonstration pot farms are stated in the report for 1904-05 to have been established during the year in Connection with 8 Girls Schools in different parts of the State (Vide para 476(5) of the report for 1904-05), only 4 demonstration farms are stated to have been attached to Schools during 1905-06 (Vide para 417 of the report for 1905-06) The decrease in the number of these farms is probably due to the gardens & farms proposed to be started at Tumkur, Sira, Chikmagalur, Yadatore & Doddballapur not having been opened till the end of June '06 (Vide Concluding portion of para 79 of the report on Public Instruction in Mysore for 1905-06, submitted by the Inspr Genl of Education)

THE RESIDENT MYSORE

D 6701

BANGALORE
12 January 1907

Eb 270-06
Sl-VI)

Sir,

On page 70 of the Mysore Administration Report for 1904-1905 it is said that "small demonstrative farms for certain instructions in practical agriculture were established in connection with the Government Schools in different parts of the State", and that "the subject of practical agriculture was introduced into the Mysore Normal School by way of encouraging the teachers of Primary and Lower Secondary schools to farm and read diaries in connection with their schools."

The Resident will be obliged if he will be favoured with reports that may be made as to the lines on which this system of agricultural education has been started and as to its working.

Yours faithfully,

H Rennie

S C Gopalaswamy Aiyar Esq, B A , B L ,
Secretary to the Government of Mysore,

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No. 0905/090 *Bangalore* 28th March 1907

From

H J BHABHA ESQ M A

Inspector General of Education in Mysore

To

K S Chandrasekhara Aiyar Esq B A B L

Secretary to the Government of H H the Maharaja of Mysore

Revenue and General Departments B a n g a l o r e

SIR

With reference to your docket No 0010 / Cd 70-06-5 dated 19th January 1907 addressed to the Acting Inspector General of Education and subsequent reminders I have the honour to inform you that the remark that " there was a falling off in the number of demonstration farms during 1-06-06 " seems to be based on a misapprehension of the facts stated in para 79 of the Report on Public Instruction for 1904-05 In that para the three farms that were working during the year are mentioned and it is stated that the establishment of seven other farms in connection with two High Schools and five Anglo-Vernacular Schools was sanctioned Previous to 1904-05 attempts were made to open school farms in only two places namely at Nanjangud and Mangala a village in Chamarajanagar Taluk It will be seen that in addition to these farms the large farm in connection with the Mysore Normal School was opened in 1904-05 In 1905-06 the farm at Nanjangud was given up as the watersupply in the channel failed altogether and there were frequent thefts of produce from the farm which the Police were unable to trace The farm at Mangala was given up as Govern-

ment

Government thought it unnecessary to have a farm in a village But at Goribidnur and Koratagere new farms were opened while at Kankannalli and Sidlaghatta attempts were made to maintain school gardens The proposed farms however at Doddaballapur Tumkur Sira Chiknaikanhalli Chikmagalur and Yedatore were not established chiefly on account of difficulties in obtaining lands and water for irrigation but partly also for want of experience and enthusiasm of the Headmasters It will be seen however that there was no falling off as Government appear to think in 1905-06 Progress was slow no doubt but I fear until a supply of well-trained teachers is received fromthe Normal School school farms in connection with Taluk Schools are not likely to flourish I have only just returned from long leave and hope to expedite the opening of new farms in due course

2 As to the lines on which the teaching of practical agriculture is proposed to be started in Taluk Schools I beg to refer you to Order No Fl 3513-22 dated 28th June 1904 and Order No 10132-3 / Ed (293-04)-2 dated 3rd May 1905 The lines on which agricultural instruction has been organised in the Mysore Normal School are described in my letter No 8755 / 329 dated 18th March 1904 which is quoted in extenso in Order No Fl 3526-9 dated 28th June 1904.

I have the honour to be,

Sir

Your most obedient servant

H J Bhabha

Inspector General.

6

(Dear Sir,)

Refer to your le cr. dated 12th January 1907 no 148 of the 6th Ultimo requesting to be furnished with the reports, if any, as to the lines on which the system of agricultural educa ion has been star -ed in Mysore and how it works, I am desired to state that previous to the ~~official~~ year 1904-05, there were 2 Demonstration Farms, one attached to the Anglo-Vernacular school at Nanjan -gud and the other to the Hobli school at Mangala in the Chamarajnagar Taluk. ~~With a view to develop agricultural education in Mysore,~~ In 1904-05 Government sanctioned ~~in 1904-05~~ the opening of a large farm in connection with the Nor -mal School at Mysore and ~~also of~~ 8 small farms in ~~connection with~~ other Taluk Normal Schools ~~other schools~~ Copies of the arginally noted Govt orders showing the lines on which the system of instruction has been started are forwarded herewith for information ~~Out~~ Of the ~~above~~ newly 9 farms sanctioned, only 3 have been started in one connection with the Normal School at Mysore and two ~~the~~ at Goribidnur and Kortagere ~~and~~ The other farms have not yet been opened chiefly on account of difficulties in obtaining ~~for want of facilities, such as land,~~ fair garden and particularly of water ~~and trained Head Masters.~~ As ~~however Govt consider it unnecessary~~ experienced teachers

1 Govt Order No F135/6-9 dated 28-6-04
2 Do do No Fl 3513-23 dated 28-6-04
3 Do do No 10132-3/Ed 293-0 1 dated 3-5-05

~~to have a farm at~~ Mangala ~~which is only a village, in the Chamarajnagar Taluq,~~ ~~it was given up~~ and the ~~farm~~ at Nanjangud has also since ceased to exist for want of proper supply of water. It will be thus seen that Agricultural education has been started and while a supply of well trained teachers is assured from the Mysore Normal school the farms in connection with the taluk schools are intended to ~~in the course of a few years~~ flourish. The Inspector General of Education hopes to expedite the opening of new farms in due course

Yours ~~sincerely~~ faithfully,

3/4/07
